

TRAFFIC ADVISORY

State Street/University Parkway Grade Separation

April 23, 2008

Cajon Boulevard Closure

- **Cajon Boulevard will be closed between Short Street and State Street on April 29, 2008 and May 8, 2008 from 6:00 a.m. until 12:00 p.m.**

The full closure of Cajon Boulevard is required for construction crews to pour concrete for the deck of the bridge that will cross Cajon Boulevard and the BNSF railroad tracks.

Detours:

- Northbound traffic on Cajon Blvd will go left on Short Street, right on State Street and then return to Cajon Blvd.
- Southbound traffic on Cajon Blvd will turn right on State Street, left on Short Street and then return to Cajon Blvd.

Nolan Street Closure *Revised*

- **Nolan Street will continue to be closed to through traffic between State and California Street until the end of May.**

Crews will continue to work on the second phase of the Nolan Street realignment in support of the grade separation project. Access will be provided to homes throughout the realignment and construction crews will work with residents to ensure minimal inconvenience.

San Bernardino Associated Governments appreciates your patience during construction of this vital new bridge. Please allow extra time when traveling through this area and follow all flagman directions, signs and detour routes.
